

## Burglars Take \$394 in Cash

Burglars struck at the United Oil Products building located west on Route 41 and south of the State Line Road last Friday night between the hours of 11 p.m. and 4 a.m.

Approximately \$394 was taken by thieves on their way out of the company's cash register. The robbery also included several checks but payment on them has been stopped by the owner.

Dave Larson, manager of the company, stated that he saw someone walking along the road early in the morning following the burglary but was unsure of who it might have been.

The report came out of the County Sheriff's office from Deputy Wayne Miller.

## Heart Fund Drive Builds Momentum

The chairman of the Antioch Township Heart Fund Drive Committee, Mrs. Helen Kopriva, recently called a meeting at her home to discuss the oncoming community drive.

Those attending the meeting comprised the general committee—Mrs. Edmund Voe, chairman of special funds; Dr. Kopriva, medical adviser; Maurice Loven, publicity chairman; and Preston J. Rockers, Jr., treasurer.

Mrs. Ray Bruhn, representing the schools, was also present.

## \$800 Lost to Nearby Thief

Deputy Wayne Miller of the Lake County Sheriff's office recently reported that a burglary involving well over \$800 in equipment last Thursday, Jan. 25, occurred at the Bern Thelen Sand and Gravel pit.

Thelen, whose pit is located on Rte. 173, closed up his evening's operations and in the morning discovered that a window on a trailer used at the site had been broken. Upon investigation, it was discovered that an adding machine valued at \$750.00 and a typewriter with an estimated worth of \$100 had been taken by a night thief.

A chain saw and a small amount of cash was left undisturbed by the burglar it was also disclosed.

From the size of the window broken through, the person entering was estimated to have been under medium proportions.

## Beaubien Support Thrown To Gorter

Last Thursday Mark H. Beaubien of Waukegan, Republican State Central Committeeman for the 13th Congressional District for the past eight years, announced that he would not be a candidate for election to the newly created State Central Committee post in the 12th Congressional District of Lake, McHenry and Boone Counties. In announcing his decision Mr. Beaubien said that he would support the candidacy of James P. Gorter of Lake Forest.

On hearing of this development, Mr. Gorter commented as follows: "I want to thank Mark Beaubien for his support and encouragement. Although I am now running without an opponent I shall continue to campaign actively throughout the 12th Congressional District. I shall work diligently to strengthen and improve the Republican State Central Committee and to insure that our new district is vigorously represented in party councils. I am looking forward to working closely with the County Chairmen in Lake, McHenry and Boone Counties and with other Republican leaders and workers in the coming years."

James P. Gorter is a dedicated Republican Party worker with Statewide political experience. Currently, he is Chairman of the Board, Young Republican Federation of Lake County, and co-chairman, Finance Committee, Young Republican Organization of Illinois and on the Board of Governors, United Republican Fund of Illinois.

Gorter, who is married and has three children, has been a Lake County resident since 1947. An alumnus of Princeton University, he did graduate work at the London School of Economics, London, England, and saw active service as a Naval officer from 1963 to 1965.

## Army Liaison Engineers to Survey Area Fallout Shelters

The national fallout shelter survey and marking program will begin in Antioch this week, it was recently announced. The program is being conducted through the Civil Defense organization in each county and municipality.

President Murrill Cunningham was contacted this month by the Consoer, Townsend and Associates firm of consulting engineers and was duly informed that representatives of the firm, under contract with the U. S. Corps of Engineers, would be conducting the survey.

A special representative of the firm will locate and collect data on all buildings which meet certain minimum requirements in Antioch. Since it is necessary to enter a building to determine construction features and dimensions, the engineers will be requesting permission of the occupants of buildings within the community, to enter the premises. With the exception of some multi-story apartment buildings, none of the shelters will be situated in private dwellings. No door-to-door canvass will be made by the surveyors.

The engineers will carry identification cards with photographs, descriptions and fingerprints sealed by the U. S. Defense Department.

Along with their regular survey, the working engineers will also prepare special maps showing the population figures and the potential shelters to be used.

After completion of the survey,

officials of the community are expected to begin requesting owners of the structures to sign licenses, making their facilities available as public shelters. The Civil Defense organization in Antioch, headed by John L. Horan, will then make plans for use of the shelters, as they will be responsible for the administration of possible refugees.

Shelters will be selected for marking and after an owner's agreement has been obtained, an architect-engineer team will thoroughly check the structure. It will then be posted with signs designating the shelter, both outside and inside.

The engineer experts coming into the area have attended special courses to prepare themselves for the survey. The courses included a detailed review of nuclear physics and radiation, effects of nuclear weapons, and methods of computing fallout protection factors.

## Local Driver Loses License

John J. Matusek of Antioch recently received a suspension on his driver's license after having committed three violations.

The action was announced by secretary of state Charles F. Carpenter through his office of the Illinois Drivers License Division.

## 2 Resident Motorists Slain In Car Accident

### Bullet Wounds Two Persons

Marcella Shaffer, 41, of Antioch, and George Hartman of Trevor, were both wounded by a rifle bullet January 19 at 8:33 p.m.

Hartman, who had been visiting Sam and Marcella Shaffer in their residence with his wife, stopped Shaffer, 48, from "whipping" his daughter Pamela, 11, after he had been arguing with both his wife and child.

The argument, which Shaffer directed especially against Pamela, resulted in heated and angry words, which led to Shaffer striking the child. His condition at this time was described as being drunk.

Shaffer, who had been prevented from punishing his child by Hartman went into another room and got a .22 rifle. When he turned around in the doorway of the room the gun went off, the bullet hitting and passing through Mrs. Shaffer's thighs and striking Hartman in the knee.

Hartman was taken to the Antioch Clinic for treatment and Mrs. Shaffer was removed to Victory Memorial Hospital in Waukegan by the Antioch Rescue Squad.

Charles E. Larson of the Waukegan Sheriff's office reported that Mrs. Shaffer's condition was listed as good.

Shaffer was taken to the county jail and was released on bond a few days after the shooting.

### Three More Residents are Treated at Zion Hospital

Two young men from this area died Friday, January 26, after suffering from injuries received in an auto smash up on Rte. 173, at 7:10 a.m.

Killed was George Shannon, 24, of Trevor, dying at 9:15 in the morning the day of the crash and Dennis W. Gray, 20, of Antioch, who succumbed at Zion Community Hospital at 1:30 from injuries.

### Babcox Retires Name From Ballot In Sheriff Race

An all-out effort to nominate good Republican candidates in the April 10 primary election was urged today by Lake County Coroner Robert H. (Mickey) Babcox, who withdrew from the race for the GOP nomination for sheriff in a surprise move Saturday.

"Many of my friends were concerned on the Sheriff's race to the exclusion of the others, but with my decision to withdraw they are now free to support the candidates of their choice in the other races, and I urge them to do so," Babcox said.

Babcox withdrew from the sheriff's race in favor of Chief Deputy Sheriff Charles Larson, of Antioch, and thus forestalled what might have developed into a bitter campaign and might have seriously damaged the Republican party in Lake County.

### Board Petitions To Open Feb. 28

Supt. A. L. Dittman recently reported that February 28 will be the first day for filing of petitions for candidates to the Antioch Township High School Board of Education.

Petitions may be filed with Board Secretary Ruth Seyfarth who resides at 434 Harden St., Antioch, Dittman added.

Boyd Osmond, Dr. Richard Ripley and Ruth Seyfarth are board members whose term of office terminates this year.

Petitions may be secured in the high school office or from the County Superintendent W. C. Petty.

The last day for filing of petitions for candidacy will be March 24.

### License Deadline Scheduled Feb. 15

Car owners planning to apply by mail for their licenses, now have only two days left to turn in their applications and be assured of having their plates in time for the February 15 deadline for having them mounted on the vehicles, Secretary of State Charles F. Carpenter announced.

After Wednesday, the only way for a motorist to be sure of having 1962 plates by February 15 will be to purchase them over the counter at either Chicago or Springfield, he said. Processing of applications, and delivery of plates by fourth class mail require about two weeks.

## Burning House Claims the Life of a Trapped Woman

A raging fire broke out last Friday night, January 26, at the residence of Edward Garner in Camp Lake Gardens Subdivision near Trevor which caused the death of Catherine Garner, 50.

Traveling along Wisconsin Road C-83, the Kenosha Sheriff's squad noticed a massive spiral of smoke ascending in the area of Camp Lake about 4 p.m. Upon speedy examination, the deputies discovered the Garner house aflame and immediately called fire-fighters to curb the blaze.

Answering the call were the Salem, Wilmot, and Silver Lake Fire Departments; an aggregate force of about 40 men who fought the flames for over an hour.

Catherine Garner, who had apparently fallen asleep on the living room couch, was trapped inside of the wooden-framed building and subsequently burned to death as the

fire engulfed every portion of the ranch-style house.

A next-door neighbor, Louis Flores, 25, stated that he "tried to get in through the window" by breaking the glass panes with his fist. Receiving a severe gash on his hand, and not being able to force himself through the windows, Flores attempted to break down the door.

With the fire departments still not at the scene Flores finally managed to break down the door but was overcome by gushing clouds of black smoke and forced to remain outside.

Edward Garner, the dead woman's husband, was returning home when he saw the firemen battling the flames. He was restrained from entering the building.

The cause of the fire remained undetermined by both Fire Departments and Sheriff's officials.

SCENE OF A DEVASTATING FIRE which took the life of a Camp Lake woman, is the remains of the Edward Garner residence, almost completely gutted by flames last Friday night. (Antioch News Photo)

The accident occurred when a car, driven by Heda Zedravkovic, 35, containing six women on their way to work in Antioch and proceeding west, skidded on the extremely icy road and veered onto the eastbound lane where Gray's car hit it head on.

Kenneth Kanla, 25, of Channel Lake, who was also a passenger in Gray's car, was taken to Zion Community Hospital with a skull fracture. His condition was listed as serious.

Two out of the six women passengers in Zedravkovic's car were also injured in the crash. Mrs. Mercedes Lund was reported to have had back injuries and Mrs. Dorothy Babcox suffered neck injuries. Both patients, being treated at Zion Community Hospital were listed in fair condition.

The Volkswagen driven by Gray was totally wrecked, its complete front end smashed in the manner of a compressed accordion with the steering wheel jammed through the front window.

Seats were ripped out and a boot was left pinned under the wreckage in the Antioch Rescue Squad's removal of the foreign car's passengers.

Geneva Lovelace was removed for treatment at the Kenosha Hospital.

Other passengers in Mrs. Zedravkovic's car were Geraldine Lucci and Mary Cooper. None, including Mrs. Zedravkovic sustained injuries.

Monday funeral services were held for George Willard Shannon on January 29. Friends called at the Strang Funeral Home at 10 a.m. Church services were held at 10:30 at the Holy Name Church in Wilmot.

Shannon, who was born May 22, 1937, moved to the Trevor area 18 years ago. He served in the U. S. Marine Corps for 3½ years and was employed at the Hy-Dynamic company in Lake Bluff.

He is survived by his parents, George and Viola Shannon and 3 sisters: Mrs. Marie Kammer, of Antioch, Mrs. Muriel Tretchard of Ingleside and Janice who resides at home. Burial was held at Holy Name Cemetery.

The Rev. Wallace Anderson officiated services at the Strang Funeral Home the same day at 2 p.m. for Dennis W. Gray.

Gray, who was also a mechanic with Hy-Dynamic, was born April 7, 1941 in Waukegan, living in Antioch all of his life.

He is survived by his wife, Elizabeth, infant son, William David, and parents William and Lillian Gray.

Also surviving him are his two sisters, Mrs. Sharon Bunkelman, Antioch, and Mrs. Lynn Waternan of Ontario, Cal. Burial was in Hillside Cemetery.

## Evening Courses Offered At ATHS

The Antioch High School Evening Program will continue to offer a Gregg shorthand course, although the remainder of the courses will be discontinued if enough persons do not show much interest.

Other courses offered are Beginning Typing, Intermediate Typing, Woodshop, Dressmaking, Self Improvement, First Aid, Civil Defense for the Home, and Men's Recreational Activities.

Persons interested in these classes should contact the high school office this week.

## New Corporation Is Given Charter

A non-profit Charter has been recently issued to The Lake Villa Businessmen's Association by Secretary Charles F. Carpenter.

The association, headed by A. Dalgard, Robert J. Ringa and D. Earl Spore, was established to promote industrial, commercial, professional, agricultural and civic interests. Attorney for the organization is Robert Schroeder.

## EDITORIAL

## KEEPING THE SPIRIT ALIVE

Those apparently still-interested members of Antioch's faltering Chamber of Commerce are presently striving to maintain the status of that organization by holding periodic planning meetings. The purpose of these meetings is to, of course, promote the membership and functions of the Chamber.

The big drive, it was reported, is to be channeled toward the conscription of new members who will earnestly support an active Chamber.

Needless to say we are in full support of this group since we feel that having a Chamber of Commerce is important to the community spirit of our village.

However, in the long run, it remains for the non-members, the non-attending members and the town's officials, some of whom are the Chambers most severe critics, to offer not only their active and devoted membership, but to share in its group participations and drives.

Recently, a few persons, who called The Antioch News via anonymous routes, offered solutions and criticisms to the Chamber's present problems, stating that they, the callers, were non-members.

Perhaps, if these persons stopped to realize that their constructive aid is sorely needed and could be used to formulate a bigger and better organization in Antioch, they would cease being non-members and join the Chamber voluntarily.

It is only when a person is predisposed to looking down on an organization such as the Chamber, that he himself is responsible for its weakness.

As we have stated before we believe that a group like the Chamber is only as strong as its weakest link and from our viewing section it appears that there are many such weak links in the organization's make-up.

We feel that a member must want to insist on attending each and every meeting of the Chamber and refuse to be left out of its functions. In other words, he must be proud of the group he associates with.

We feel that no one in the community of Antioch can really afford to be outside of the Chamber of Commerce whether it touches upon their ethnic businesses or not. For only as a participating member, can a business person express the opinions he so sorely owes to his patrons, reflecting their likes and dislikes to the entire business representation of the village. In this manner, a Chamber can act for the benefit of the entire community, making the area a better place to live in and assuring its prosperity and growth.

We strongly urge full cooperation with the small but diligent committee striving to hold this important organization together on the part of businessmen in and about our area.

Let us not be a town comprised of persons who only run to the Chamber when economic crises arise, but a town that expects nothing in return for hard work and planning except civic improvement and economic expansion on an equal basis for everyone.

## Courthouse Notebook —

BY LOU DURKIN

A Toast: "To The Good of The Party." Or perhaps it should be amended to read "To that part of the party with the current clout."

The withdrawal from the County Treasurer's race last week of Harold Hapke followed by the withdrawal from the Sheriff's race of County Coroner Robert H. (Mickey) Babcox has prompted some idle speculation among people who detected more than a little hokum in the almost identical statements that the decisions not to seek the Republican nominations were based on regard for the good of the party.

Who determines that it is better for the Republican Party to have Hapke withdraw in favor of Karl Berning, the chairman of the county board?

Who determines that it is better for Babcox to withdraw for Charles Larson, the chief deputy sheriff who is seeking to move up?

We recall no screening committee for the Lake County Republican Central Committee meeting with the intended candidates and then publicly proclaiming the choice of the committee.

Apparently this type of slate-making is done only by the boss-ridden Democratic Party.

There are some interesting links in the two withdrawals and some compelling paradoxes.

For instance, "They" that nebulous group which apparently called the turn, might have gone to Hapke and said, "Harold, you're a nice guy with 28 years of experience in the office and you have been a hard-working, loyal member of the Republican Party."

"Therefore we feel you should withdraw in favor of Karl Berning, who got into the race late, has no experience in the office, and was elected to a township office less than a year ago."

"They" would have us believe that Hapke then said, "Certainly it is better for the Republican Party to bring in a late-comer with a fresh outlook on the office than to have a candidate who is qualified by experience."

Obviously the "They" which convinced Hapke could scarcely have been the same group who asked

Babcox to make a sacrifice for the good of the party.

Because in the Babcox-Larson decision the arguments would have been reversed; Larson has the experience. Larson virtually became a candidate the day the incumbent Sheriff Norris Froelich was elected in 1958, and Babcox is serving a two year old term.

Of course, both candidates could have stayed in the running, but it would have been a little like playing Russian roulette, Lake County style—that's where only one chamber is empty.

As interesting as it is to speculate on the reasons for the withdrawals, it is also interesting to speculate on the results they will have on the other races in the GOP primary.

Will Larson and Froelich tell the deputy sheriffs to remain out of the other races or will they get the okay to support the candidates of their choice?

Will the absence of a fight in the sheriff's race benefit Ralph Dady in the Probate Judge contest or will it benefit LaVerne Dixon? Or Mark Drohnick?

It is reasonable to suppose that W. J. Murphy will benefit in his bid for re-election as State Representative, but will the Babcox boosters support another candidate for the job and will the Hapke backers unite behind a Congressional candidate?

Maybe "They" knew, but who knows which group of "They's" is talking for the Republican voters and making their choice for them?

Proponents of a new courthouse in Waukegan should be viewing with some concern the agitation in Elia Township for a return of the township collectors and the tidy sum the collector can bring into the township coffers in collecting commissions.

If this attitude catches on in these areas of the county opposed to the idea of a new courthouse in Waukegan it could mean the return to township collections and the loss of enough revenue to the county to make a new county building a doubtful prospect at best.

The new hospital and clinic to be constructed at Centra-la for the care and treatment of mentally ill, represents a hope for a segment of society that has too long known only despair. The Centra-la institution is but one, though a most important one, of several new structures to be built by the State of Illinois for mentally ill and retarded persons.

The physical layout of buildings is unique and represents such a modern concept, that I believe all our citizens will be interested in its characteristics.

The administration, medical-surgical, diagnostic and out-patient service building is located at the entrance. Administration offices will be located in the forward wing of the building, attached to the main structure by an enclosed covered passageway.

The out-patient clinic, located in the main structure near a large parking lot, will be available to patients upon the basis of professional referral. The building will house a complete diagnostic clinic to both in- and out-patients. It will also include a complete operating suite, 50 medical-surgical beds, 10 isolation beds, 10 beds for physio-therapy treatment purposes and a complete physio-therapy department.

The four residential buildings, located in a semicircle to the rear of the main building will have a capacity of 100 beds each. Four units of 25 beds will operate inde-

pendently of the others. There will be four separate day rooms and four teaching and training rooms. Each will have doctors' offices, examining room, offices for psychologists, social workers, a visitors' lounge and four supervised play areas.

A community building, located to the rear of the main building and in close proximity to the residential units, is for the centralized activities of the patient population. Class rooms for training of sub-professional and nursing personnel are located in this facility. Occupational-recreational therapy class room space, offices for administrative personnel and a centralized auditorium, which may be used for patient games, movies and group activities, are located in the building.

The various buildings will be connected by walkways. No vehicular traffic will be possible on the campus between the buildings, as the service roads are on a perimeter plan around and to the rear of the residential units.

Food will be centrally prepared and distributed from the dietary center to the cafeteria service counters in all unit buildings. Heat and water distribution will be from a centralized boiler plant.

The institution is designed for in- and out-patients aged 6 to 21 years, and is heralded as the most modern facility for the care of the mentally ill to arrive on the American scene in many years.

A few days ago, I dropped into one of the local drug stores in Antioch and purchased a copy of Look Magazine. Naturally enough, there was a tax levied against me. Two pennies, I think. Then I purchased Life. No tax. Puzzling. I couldn't exactly figure it out but was informed that "Henry Luce (owner of Life and Time) has been getting away with that old trick for years."

Maybe so. The actual explanation is that Life and Time carry only news, no fiction, etc. Well, what about U. S. News and World Report? The news of the world, national and local areas with exceptional news are covered here. That magazine is taxed and so is Newsweek, another reporting journal. Strange that Life and Time can get away with it, for one is a magazine of pictures, relating little actual news and the other (Time) is nothing more than a flippant and wisecracking magazine catering to the so-called "powerelite"—that is the boys in the proverbial gray-flannel suits.

Henry Luce, the proprietor of both publications, has for years run the same format in both and exercised a commanding influence over his captive public. In my opinion both magazines could be described as a number of things (some unprintable) but never as NEWS magazines.

It might lead one to think that any day now one would find an advertisement within the splashy pages of Life stating—"This magazine has the Federal Government seal of approval."

A lot has been said in recent weeks about government censorship of high-ranking military officers having their anti-communist speeches censored. Lt. General Trudeau, for instance, complained that the censorship of anti-communist thrusts caused him to "wonder" about the censors' motives. This, of course, is an inference that there are most probably pro-communist persons acting as speech censors. The names of these so-called censors were withheld by Defense Secretary Robert S. McNamara who said he assumed the responsibility for the censorship.

It seems to me that that is quite a good deal of assumption without a decent explanation (other than passing the buck to the previous administration and uttering some sort of gibberish about "context") on McNamara's part WHY our officials can not strike out against the greatest tyranny ever to plague this earth. Perhaps, McNamara thinks that if we close our eyes real tight and not make a sound the bogey man will go away.

A maze of recent Hollywood efforts to saturate an already bloated public with the puerile acting of current teenage idols has produced in this writer a definite form of ad nauseum.

The films today are either exceptionally stupid and insipid monuments to illiteracy such as pictures concerned with Twist, Rock'n Roll, and other fad-like crudities parading kids with bushy, unkempt hair as matinee idols or "sensitive" and "controversial" films dealing with every conceivable form of perverted sex or crime.

## Along The Way

After talking about all kinds of savers last week, what should most naturally follow, but various types of hobbies. According to those better informed than I, everyone should have a hobby. All through history man has searched for something to do in his spare time. Even Henry the Eighth found great delight in collecting wives, (and their heads!) With more leisure than ever today, (especially if you're an electrician in N. Y.), experts tell us we MUST have a hobby. Avid skiers will say, "Invigorating," boat enthusiasts tell you "It's the life," Model R. R. bugs claim "It's fascinating," and bird watchers state "Perfect relaxation." What hobby you should choose will be determined by your pocketbook and desires, not by Annie Mae.

Just found out that Sen. Everett Dirksen (R. Ill.) and I have something in common, writing! It's his hobby, and I guess you could call mine a hobby too, by the revenue it brings.

One of the rarest hobbies around these here parts is Bill Amendola's. He raises Venus fly-traps! In case you don't know (as I didn't) they are carnivorous plants. They eat flies! Creepy but interesting, if you like it.

Did you know that Joe Horton is an H. O. Railroad bug?

I see there is a new phonetic punctuation mark at the Dotson house. Wearing blue, too.

And Now There Are Eight at the Wm. Strahan's. Who's this Paul Malloy?

Looks like Father "Ed" Hood and Ed. Strang are trying to see who can hold out the longest on the Christmas wreaths.

Congrats to Gert Hawkins and Ray Kasel on their recent trip down the aisle.

The Saturday dance of the J. C.'s was not as large as they would have liked, but Fun, Fun, Fun!

How did you like the Mardi Gras effect of the Antioch-Round Lake basketball thriller last Saturday? I'm still picking confetti out of my clothes. Good idea, Pep Club! (Sorry, janitors).

"Babe Keulman and I are running a secret race with our Pointsettias, hers is down to one red petal and mine to two! (I can see it in your front window, Babe). There's only one (I think) me lad, Who might have called you Tad! Ted in Swedish dialect I've found Would sound like Tad the world around.

Larson seems to fit the rest. Now my friend I've done my best. The white flag of truce I must call. For of Annie Mae has no crystal ball.

To "Anonymous Too", constructive criticism my friend, shouldn't be misconstrued as venom! There's always another day, Along the Way.

The Air Transport Association of America estimates that the domestic trunk airline industry suffered a net loss of \$30 million last year.

where are the old-time not-too-good-looking actors and actresses who made Hollywood what it is today? Where are the young Spencer Tracys, the Paul Munies, the Leslie Howards, the Bette Davis of today? On a farm in Minnesota, in a Wall Street Brokers' office, surveying a gravel pit in Ethiopia? Beats me, but they sure aren't on the screen where they belong, entertaining people with well-written words in their mouth instead of non-shocking words that are supposed to shock.

## Heart News Beat

Is cholesterol really responsible for the artery degeneration leading to heart attacks?

Perhaps—and perhaps not. Several other factors, notably diet, obesity, heredity, stress, exercise, hormones and high blood pressure are believed by cardiologists to deserve searching medical investigation.

All are being studied in American and Chicago Heart Association programs designed to learn their relationship to atherosclerosis, an artery condition which sets the stage for heart attacks and strokes.

In atherosclerosis the passageway through the arteries is roughened and narrowed by the deposit of fat-like substances, one of which is cholesterol. When this condition strikes the coronary arteries, heart attack may be impending due to closure of an artery as a result of its clogging by a blood clot.

Whether or not the fat in the diet is directly related to these fatty substances that may clog the arteries has not yet been finally demonstrated.

Researchers must also take these factors into account:

**DIET**—Some doctors believe many dietary nutrients may play a role in development of—or protection against atherosclerosis. The problem is proving an extremely complex one.

**OBESITY**—Overweight is a known health hazard, adding to the heart's work. Persons with heart disease should not carry extra pounds.

**HEREDITY**—Many think atherosclerosis may run in families and that one inherits a resistance—or lack of it—to the disease. This is one of the most complicated of all research problems in the cardiovascular field.

**STRESS**—Difficult to define or measure, its role has yet to be satisfactorily evaluated. There is much controversy about this.

**EXERCISE**—There is a rather general belief that steady physical labor or exercise over a lifetime tends to protect the heart from atherosclerosis. Conversely, the lack of it appears to work against your heart's health.

**SEX HORMONES**—Women in their childbearing years are less susceptible to heart attacks and strokes than men. During this period, sex hormones may protect women from atherosclerosis. Researchers are seeking some fraction of the female hormones or similar chemical agent that can protect men against atherosclerosis without having a feminizing effect.

**HIGH BLOOD PRESSURE**—There may be a relationship between high blood pressure and artery degeneration but its nature is not certain and even the basic cause of high blood pressure remains unknown.

If more questions than answers have been raised, the necessity for even more intensive programs of research to isolate the root cause of one of our greatest cardiovascular killers becomes apparent. Medical science today can treat heart trouble more successfully than ever before—but the big breakthrough will come when, with causes established, prevention can be achieved.

With patience let your mind abide.

But now my powers grow gravely weak, The Future Hours I cannot seek. The sun, soon tries the night to beat.

So to my grave I must to rest.

But I'll return . . . of that be sure, Unless by name of me you cure!

Antioch News To the Editor:

I have read with interest the letters concerning the Second Grade's Supersonic News. I would like, as a teacher, to add a few of my own opinions.

If I understand Mrs. Moran's letter correctly, she feels that spelling is not a part of creative writing. I cannot agree. I feel that the phonetics taught must carry over into other work to be of any real value. I am unable to see how correct spelling and punctuation could possibly detract from the beauty of thought and creativeness. I believe that children derive far more satisfaction from a task well done.

Most teachers seem to agree that the more often children see and do work incorrectly, the more difficult it becomes to teach the correct form.

I feel that as long as parents or teachers in general are willing to accept "watered down" curricula and work which is not in proper form, we can only expect a weakened educational system. This would hold true on all levels of education.

It is my inexpert opinion that mediocrity in education is one of the widest doors open to Communism.

## COLLISION MAY COST LICENSE

Many drivers do not realize that a single accident may result in the loss of their operator's or chauffeur's license IF . . .

1. There is a fatality or personal injury, and
2. There is a subsequent conviction or bond forfeiture on a traffic law violation charge for an offense which caused or contributed to the collision.

The Illinois Drivers License Law provides for the revocation or suspension of a license when the record shows that a driver "has by unlawful operation of a motor vehicle caused or contributed to an accident resulting in death or injury to any person."

Revocation or suspension action can be taken without a preliminary hearing; however, it is the normal procedure to permit a driver to appear first at an informal interview for the purpose of explaining any of the facts or circumstances relative to the case. At the conclusion, after the driver has told his side of the story and produced his witnesses, the Hearing Officer sends a transcript to Springfield headquarters along with his recommendations. The case is then carefully reviewed and the driver's previous record is studied.

Traffic control laws are necessary to prevent collisions and to move traffic smoothly. If a driver is either unwilling or unable to comply with these laws, he will soon become the cause of the possibility of losing his license. To avoid collisions (or "accidents" as they are often called) one must develop an attitude of defensive, rather than combat driving. A great many collisions could have been prevented if one or more of the drivers involved had really tried hard to avoid contact. There is no glory in dying to defend your right-of-way.

**THE LAW**

A PUBLIC SERVICE OF  
SENIOR CURE BAR ASSOCIATION  
IN COOPERATION WITH THE NEWSPAPER

**YOUR LAND CAN BE TAKEN FOR PUBLIC USE**

We Americans consider as fundamental the rights of every person to own property to sell or rent it as we please, and to pass it on to our heirs at death. We are jealous of our right to do with our property as we please.

The information should not come as a surprise, however, that titles to land are not absolute, and that the land we own may be taken for use by the public in case necessity requires it. The power which is vested in certain bodies to acquire private property for public use is known as the "power of eminent domain," or the "right of condemnation."

For example, cities and villages, highway commissions, park districts, railroads, airport authorities, and other governmental units and public utilities have been given the power to acquire land from private owners in a coercive fashion, in order that it may be put to use for an authorized public purpose.

**Just Compensation**  
The federal government and the states have inherent power of eminent domain over property within their boundaries. As to all other bodies, the power can be acquired only by statute, that is, by a written law passed by the legislature. It is to be used only if the body is in need of land in order to carry out its function.

And, in every case, the landowner is entitled to receive just compensation for his land, measured by its present fair market value for the highest and best use to which the land can be put.

**How the Proceeding Works**  
After deciding that it is in need of land to perform its function, the condemning body determines exactly which land it desires to acquire. Let us assume that your property or a part of it, falls within the area to be acquired. Here, is the general procedure that will usually be followed.

First, a formal offer will be made to you for your land, the amount being based upon a recent appraisal of the land by a competent appraiser. Many condemnation proceedings end at this stage, with the landowner and the condemning body agreeing, by negotiation, as to a mutually acceptable price.

If however, the amount offered is not acceptable to you, and negotiations fail, the condemning body will file a petition in the local district, circuit or county court, setting forth, among other things, a description of the land to be taken and a list of all persons having a recorded interest in the title.

This petition asks that the court fix a fair price to be paid to you for your land. A summons will be served upon you by an officer, and upon all others named in the petition, if they can be found in the state. Those who cannot be located are given notice by one of those legal notices you may have seen published in the local newspaper.

Finally, if you are still unable to agree on a price, a date will be fixed for trial of the case. You have the right to demand a jury trial and you may insist that the jury go and see the premises to get a better idea of its value. The only question to be decided is how much money you are to receive.

Both the federal and state governments have power, under certain conditions, to obtain immediate possession of the property, leaving the question of compensation for later decision.

**Proof of Damage**  
Normally, both sides will have experts testify as to the present fair market value of the land. Various types of evidence are admissible to prove this, such as recent sales of other similar lots in the same area. If only a part of your lot is to be taken, you may collect both for the value of the part taken and for the damage caused to the part that is left.

After the evidence as to value is all in, the judge or jury makes its finding, returns a monetary verdict, and the case is over. It is possible that the jury will award you more or less than was offered.

In many instances, the parties are able to agree on the amount of compensation to be paid, and they avoid the trouble and expense of litigation. This is possible where

the condemning body makes a fair offer to the landowner for his property.

Most persons whose property is to be condemned realize that, although they may be seriously discommoded by this power of eminent domain, their personal interest must give way to the public welfare and the progress of the community, so long as they are fairly compensated for their loss.

This column is written to inform and not to advise. No person should ever apply or interpret any law without consulting his attorney. Even a slight difference in the facts may change the result under the law.

Bill Davidson, of the Toppenish, Wash., Review, says: "American enterprise is the art of making useless shoes a fashion rather than a calamity."

## Inside Antioch High

By Mike Brooks

Round Lake came to Antioch Saturday night with their usual chip on their shoulder. Previous to the game with our Sequoits, Round Lake had won all their conference games. The Panthers' "Here is little easy push-over Antioch" idea backfired on them. Antioch won the game 69-65. Another abstract noun RL brings and takes with them everywhere they go is poor sportsmanship. Again, the usual booing and hanky waving and obscenity could be seen and heard boiling out of the Round Lake spectators.

The overflowing Antioch crowd gave the Sequoits a standing ovation as they left the court. A great celebration followed at the after-the-game-dance in the girls' gym.

The Student Council is still working to find more student talent for the planned Talent Show in April. The Council wishes to remind the student body that they requested the show and it needs their talent.

This Saturday morning a group of sleepy ATHS Dance Band members will be leaving for Oak Lawn, Illinois, at 6:30 a.m. The event is the Illinois State Dance Band Contest. It is an all day affair. Judging is in the morning and instrument clinics in the afternoon. Two top ranked bands from the morning's judging will play a concert along with the featured Air Force Dance Band.

Antioch plays Wauconda there at 7 p.m. in a basketball game while the wrestling squad meet Wauconda matmen at the Antioch Gym at 7 p.m.

Saturday night Antioch faces a tough Zion-Benton squad from the Tri-County Conference at home, also at 7 p.m.

J. Edgar Hoover of the FBI states that an important new weapon in the arsenal of the nation's law enforcement officers was provided when the President signed Public Law 87-368, which was passed by the last Congress. This substantially broadens the right of the FBI to work with local law enforcement agencies in bringing about the apprehension of fugitives who flee across state lines to avoid prosecution, custody, or confinement after conviction of a crime, and various other major offenses.

## The American Experience

By Ray Puckner

Strange as it may sound in this age of credit, checkbooks were not always the order of the day. In fact, paper money in the United States had a hard time establishing itself.

The earliest appearance of paper money was seen in 1690 in Massachusetts. At that time, while France and England were at war, Massachusetts undertook to organize an expedition to capture Port Royal and Quebec. The governor of Massachusetts enlisted soldiers and sailors for this purpose, promising them an indemnity from the captured cities. In other words, a share of the spoils. However, the force was defeated and the governor of Massachusetts had an army on his hands that was demanding its wages. As the rebellion of the soldiers approached a state of mutiny, the governor found himself in a bad situation.

Here it was that some now forgotten adviser to the governor suggested that he pay the troops with paper money. The governor took the advice of his counsellor and made an initial issue of 7000 pounds. It relieved the problem quite successfully, as a stopgap measure it was very effective.

Inspired by the success of the idea, it was promptly tried again. The second issue of paper money—or as it was called at that time: bills of credit—in Massachusetts was for 40,000 pounds. Within a short time, ten more colonies followed suit with issues of their own.

In the early stages the colonies made sincere attempts to redeem these bills of credit, but by the time of the Revolution, "bills of credit" were in circulation all through the colonies, the value of which was, to say the least, extremely doubtful. Then, according to Theodore Grayson's "Leaders and Periods of American Finance," chaos resulted. As there was no uniform scale of depreciation, the paper money became a nightmare

for the colonies. As trust in them declined they inevitably disappeared altogether.

As Grayson states: "The period of paper money extended approximately from 1690 to 1781. The issues of different colonies were many and varied. Neither the amounts of the issues nor the maturity of the bills was regulated by the colonies as a whole, or even by a single colony."

### SOAK THE POOR

"Soaking the rich, via the taxation route, has long been a political technique that has paid off handsomely as a vote getter."

"But the fly in the ointment now is, that as the tax boosters run up the total tax take, to the confiscation point, there aren't enough 'rich' to meet their demands, so they have to lower their sights and increase taxes on the middle and low income citizens to raise money to cover their spending projects."

"The biggest political spenders, who advocate having the government do this or that 'free' or 'at cost' for the people, are very careful to refrain from saying that the government can provide nothing

According to Newweek, Americans spend \$4 billion a year to keep their 660 million appliances, 46 million TV sets, 10 million power mowers, and other assorted gadgets in working order. The biggest culprit, cost-wise, are automatic washers and TV sets, the magazine adds. It also says that a great many Americans blame both repairmen and the manufacturers for what has amounted to a 70 per cent increase in the appliance repair load in the past 12 years. In rebuttal, an executive of an appliance producing company quoted as saying, "Many consumers try to anticipate all the possible ways that a housewife can use an appliance, but they have never been able to match her imagination in this respect."

Cold weather definitely is with us, says the Chicago Motor Club, and drivers shouldn't be fooled by brief periods of warm sunshine. Frost can cause a slippery glass on streets and highways, especially at night and during early morning hours. Special caution is urged when driving on bridges and overpasses, where frost is likely to accumulate at this time of year.

### Altar and Rosary Society to Hold Event-Planning Committee Meeting

The next meeting of the St. Peter's Altar and Rosary Society will be held at the School Hall, on Feb. 8, following the 7:45 p.m. Rosary and Benediction in Church.

Speaker for the evening will be Mrs. Anthony J. Scully, doing a program on children. Ladies having February birthdays will be honored and refreshments are to be served by Mrs. Peter Freund and her committee, comprised of Mrs. Harry Beckman, Mrs. Ferdinand Wolter, Mrs. Karin Dowling, Mrs. Thomas Milowski, Mrs. Cleo Vos, Mrs. Melvin Johnson and Mrs. Charles Hamlin.

Also final plans will be made for the Feb. 21, Pre-Lenten card party. This is an old fashioned, progressive, get-acquainted card party and the reason for the date chosen is that it is the eve of the parish's feast day, namely St. Peter's Chair and the eve of a patriotic day, the birthday of George Washington, the "Father of Our Country."

Tickets for this party may be had by contacting the committee's chairman, Mrs. Rudy Eckert, 395-3616 and Mrs. Daniel Dugenske, 395-0566. Or, any member of the society will be glad to supply you with tickets to what promises to be a most enjoyable evening.

### Meetings & Events

#### PARENTS OF DAUGHTER

Mr. and Mrs. Richard Frank, of Salem, Wis., announce the birth of a daughter, Jill Renee, Jan. 21, at Burlington Memorial Hospital. She has two brothers, Ralph and Jeffrey to welcome her home.

Mr. and Mrs. Herman Frank and Mr. and Mrs. Earl Smith are the proud grandparents.

#### BAPTIZED

Kathy June Kelley, daughter of R. D. III and Mrs. Kenneth Kelley of San Francisco, Calif., was baptized Sunday by Rev. R. P. Otto at Peace Lutheran church. Sponsors were Mr. and Mrs. Wallace Miller.

A dinner was served in her honor at the home of Clyde Cates. Guests were Mr. and Mrs. Wallace Miller, Mary and Debbie.

#### DAUGHTER BORN

Mr. and Mrs. Richard Dressel of Aurora are the parents of their first child, a girl, born Friday, Jan. 26, in an Aurora hospital. The "little" infant weighed in at nine pounds, 13 ounces.

Paternal grandparents are Mr. and Mrs. Clarence Dressel of Antioch and the maternal grandparents are Mr. and Mrs. Mel Barnes of Barrington.

#### ORDER OF EASTERN STAR

The Antioch Chapter No. 423, Order of the Eastern Star, will meet at 8 p.m. Saturday, Feb. 3, in Wesley hall of the Antioch Methodist Church.

The Chapter will host an official visit of Sister Isla K. Somers, Worthy Grand Matron, and Brother James Hutchinson, Jr., Worthy Grand Patron of the Order of the Eastern Star of Illinois and the official family.

Sister Marion Kleven, Worthy Grand Matron, and Brother Harold Kleven, Worthy Patron, will preside.

Preceding the meeting, dinner will be served at the Masonic Temple at 6:30 p.m. for members. Reservations must be in by Thursday, Feb. 1.

The same date holds for reservations for Masons and Stars who plan to partake of rolls and coffee at 9:30 a.m. Sunday morning. This precedes the attendance of Masons of Sequoit Lodge and their wives, and Eastern Stars of Antioch Chapter and their husbands, who plan to attend the 11 a.m. worship service at Antioch Methodist Church Sunday, Feb. 4.

#### WESTERN TOURISTS

Mrs. Homer B. Gaston and daughter, Mrs. H. E. Shepard of Antioch, and Mrs. Marjory Merrill of Ontario, Canada, left here Wednesday, Jan. 31, for a motor trip to the West.

They will first visit Mr. and Mrs. William Terry (Mrs. Terry is Mrs. Shepard's daughter) at Wichita Falls, Texas, and from there Mrs. Gaston and Mrs. Merrill expect to go on to La Jolla, Calif., where they will spend several weeks visiting friends and sightseeing.

Mrs. Shepard will return to Antioch after visiting her daughter and family.

#### BIRTHDAY CELEBRATION

Tom Homan, an eighth grade student at Antioch Grade School, entertained a number of his friends at his parents' home Saturday evening, in honor of his 14th birthday anniversary.

The group danced to records and enjoyed ice cream and cake.

Tom is the son of Mr. and Mrs. Russell Homan of Tiffany Road.

### Former President To Speak to AWC

The Antioch Woman's Club will meet at 1:30 Monday afternoon, Feb. 5, at the Scout House, to hear an address on "State Parks of Illinois—Land of Lincoln," to be given by one of Antioch's prominent citizens, Mr. James McMillen, now assistant superintendent of State Parks. Mr. McMillen is a former president of the Village of Antioch.

The hostess committee for the day includes Mrs. Clarence Gibbons, chairman, Mrs. Edward Jacobs, Mrs. Richard Huml, Mrs. John Wagner, Mrs. C. R. Keulman, Mrs. Arthur Laursen, Mrs. Leslie Sorensen, Mrs. Homer Gaston, Mrs. William Seemann, Mrs. Harold Gaston and Mrs. O. L. Raether.

### Betty Rasch Will Wed C. E. Lackus

By Mrs. Herman Frank

Mr. and Mrs. Lyle Rasch of Richmond, Ill., announce the engagement of their daughter, Miss Betty Rasch to Charles E. Lackus, son of Mr. and Mrs. Joseph Lackus of Burlington, Wisconsin.

Miss Rasch is a recent graduate of Wilmet High School and presently works in Spring Grove. Her fiancé is an employee of American Motors.

As of yet no wedding date has been set by the couple.

Miss Betty Rasch

### Lake Villa Books Circulate Widely

"Let It Snow, Let It Snow," said Mrs. Ted Belke, librarian of the Lake Villa Township Library, "as long as you have a good book to read."

Mrs. Belke added that circulation of books from the Township Library has never been higher. Elementary and High School students are busily working on term papers and Science Fair projects; Scouts are working on merit badges and other projects; study groups and organizations are researching; people in general of this area are reading more and better books.

Excellent contributions to the library have been made by Mr. Charles Wullenbuecher, Mrs. Clare Appleby, Mr. and Mrs. William Hartnett, and Mrs. Greene of Allendale.

The memory of the late John Perry will be perpetuated by the purchase of books identified by a memorial plate. Recent contributors to this fund are Mr. and Mrs. Gordon Martin, Lake Villa Lumber and Coal Company, Mrs. Charles Martin and Charles Wullenbuecher.

#### ATH PTA WILL MEET

The Antioch Township High School PTA will meet at 8 p.m. in the auditorium on Wednesday, Feb. 7.

Special acknowledgment will be given in honor of Founder's Night, and the Fine Arts Department of the school will present a play.

Entitled "A tale of Chelm," the play is from "The World of Sholom Aleichem," by Arnold Perl.

Characters in the cast are: Mendele, played by Jerry Berke; The Melamed, Ken Anderson; Rifkele, Pat Lothrillo; Rabbi David, Dennis Pogose; Stranger, Nancy Erickson; Rifkele's Friend, Nancy Lindblad; Dodi, Harriet Wells; The Goatweller, Verna Turowsara; and Dodi's assistant, played by Gary Eppers.

### Jill Anderson And Kenneth R. Boss Married In Antioch On January 20

In a late afternoon ceremony in the Antioch Methodist Church on Saturday, January 20, Miss Jill Anderson and A/3c Kenneth R. Boss were united in marriage by the Rev. Wallace Anderson. The bride was given in marriage by her father in the double ring service.

The bride's parents are Mr. and Mrs. Carl Anderson of 647 N. Main St. and the groom's parents are Mr. and Mrs. Frank Appleby.

The bride's floor length gown, which was made by her mother, was of tulle and organza, fashioned with long tapered sleeves and patterns of re-embroidered lace on the skirt and around the scalloped neckline. Her silk illusion elbow length veil was caught to a crown of seed pearls and crystal stars and she carried white carnations and gardenias.

Mrs. Robert Glebelhaus, matron of honor, and Miss Barbara Stokes,

bridesmaid, wore street length gowns of open blue tulle, with organza and lace. Blue satin headpieces with blusher veils and shoes to match completed their costumes. They carried colonial bouquets of white carnations and blue roses.

Serving as best man was Robert Glebelhaus, and the ushers were James Brannan and Kenneth Hellstern.

Organ music was furnished by Mabel Lou Dow.

Following a reception for 100 guests at Ball Inn, Fox Lake, the couple motored to Lake Lawn Lodge at Delavan, Wis.

The groom, who is a '66 graduate of Antioch High School, is now in the Air Force, stationed at Bunker Hill, Ind.

The new Mrs. Boss, a '61 graduate of Antioch, is now at home at 647 Main St. She will soon join her husband in Indiana.

### Zemans-Chandler Will Wed in July

A July wedding is planned by Mr. and Mrs. Eugene Zemans of Chicago for their daughter, Grete Lynn and Michael J. Chandler, son of Mr. and Mrs. Emery Chandler of Antioch.

Miss Zemans, who spent her junior year at the University of London, will graduate from Grinnell College in Iowa this coming June.

Mr. Chandler, a B. A. Grinnell '60 graduate holds a 4-year scholarship to the University of California at Berkeley. He plans to take his Ph. D. in the department of Psychology.

Miss Zemans' father, Eugene, is the former editor of Federal Probation Quarterly (U. S. Department of Justice). Her mother, Naomi Sternhelm Zemans, is the former editor of Community Service (Washington Council of Social Agencies).

Miss Grete Lynn Zeman

Miss Martha Rybka

### Martha Rybka, 17 Wins Scholarship

Miss Martha Rybka, 17, who is a student in Holy Child High School, Waukegan, has been awarded a liberal arts scholarship from Mundelein College in Chicago.

Miss Rybka, who is the daughter of Mr. and Mrs. Lowell Strause of Antioch, received this honor in consideration of her scholastic standing and results of college board examinations.

#### THE OAKLAND PTA

"Back to School" is the theme for Oakland Grade School PTA meeting, to be held at 8 p.m. Monday, Feb. 5.

Consideration of a change in by-laws will be brought up at the meeting.

Following the business meeting, the parents are invited to visit their child's classroom.

Refreshments will be served by the third grade room mothers.

### In And About Our Town

Mr. J. Ernest Brook (Antioch News Photo)

A 60-year pioneer resident is Mr. J. Ernest Brook, President of the State Bank of Antioch.

Born in Wisconsin, west of Burlington, Mr. Brook's father farmed for many years in the Silver Lake area after immigrating to America from England at the age of 15 early in the 19th century.

Mr. Brook attended Burlington High School and was the only boy in a class of six students to graduate before the turn of the century. He was a student at the University of Wisconsin in the days of the great punt kicker, Pat O'Dea, who was also a classmate of Mr. Brook. Remembering the class of 1900, Mr. Brook recalls many of O'Dea's 50 yard successful field goals and the beginnings of collegiate basketball which at that time, was considered no more than a modest recreation.

Coming to Antioch before 1900, Mr. Brook took control of Antioch's local bank located in the Powles building in 1903 after his father had purchased the enterprise.

Commuting between Antioch and Burlington on the old milk run trains in the early 1900's, Mr. Brook and his father were on their way back to Burlington one evening when his father asked if he had noticed two strange-looking men loitering near the bank. Growing suspicious, Mr. Brook hastened back to the bank to discover that \$4000 had been stolen from the vault.

The robbers escaped on a railroad handcar to Lake Villa and from there to Libertyville where they boarded a train for Chicago. Calling in the Pinkertons, the only national law enforcement agency of that day, Mr. Brook remembers the eventual apprehension of the thieves but remains perplexed to this day as to why they were never prosecuted.

In his youth, Mr. Brook, now 84 years old, raised harness race horses and would hitch up a team of

horses, drive several miles to small communities, clerk auctions there and return to Antioch to deposit the day's transactions.

Mr. Brook also played sporadic pro-baseball near Burlington early in life. He has seen the village of Antioch grow and expand with the years, his own bank traversing many locations of the area until finally being established on the corner of Lake and Main Street in 1926 where tremendous growth has come about in the last year.

Married to Gertrude (nee Smart) Brook, since passed away in 1959, Mr. Brook has one son, William and two grandchildren.

Antioch has come a long way since the days when a gun-toting marshal roamed her streets, gamblers played all night in the local eateries and saloons, horses kicked up the dust of the roads and Mr. J. Ernest Brook began the State Bank of Antioch.

# VACATION

Your newspaper is ever alert, day in and day out, recording the comings and goings -- from birth to death -- of nearly everyone in town.

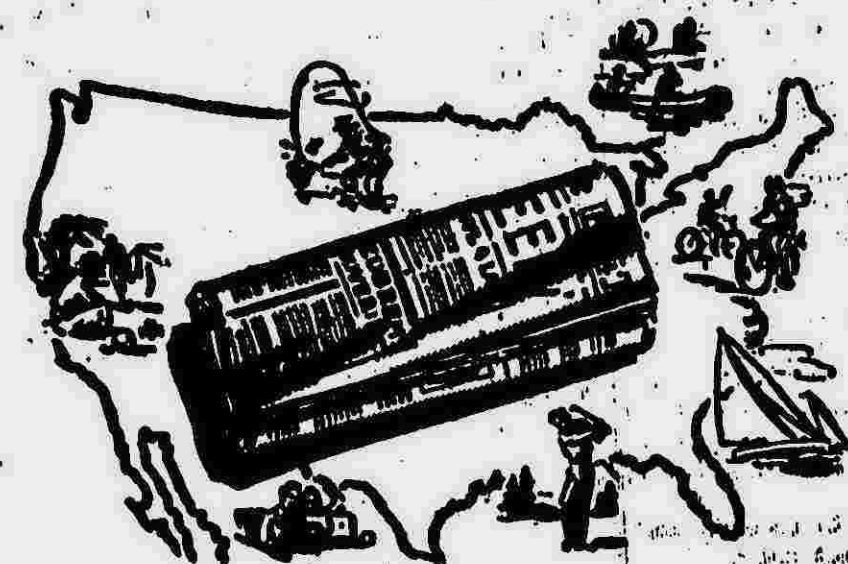

When you take a vacation, your favorite newspaper can be made available to you almost anywhere you go -- or, if you prefer, you can go without the knowledge of what's been happening at home. But it's nice to know that when you return home, you can catch up on local happenings. Your newspaper has gathered and recorded the important local events for you to read at any time.

While you take a "vacation" from civic chores and temporarily forget what the city council, school board and other groups and individuals are doing, your newspaper must maintain a constant vigil so that you -- and your fellow citizens -- may always be informed.

## GIRL SCOUTS

By Mrs. Raymond Claffy

ELI 6-5046

Sequoia Neighborhood (Antioch-Lake Villa) Leaders held their monthly meeting at the Antioch Scout House. A short business meeting was held with many plans being made for the Golden Anniversary now in '62. We have secured Business Establishment windows in which to exhibit Girl Scout Projects in honor of Girl Scout Week and the Golden Years. There will be some 16 or more window displays and posters in many other places throughout our area. Every troop is expected to participate.

Announcement was made of the tentative dates for Camp and Day Camp. We also have another new troop in our area at Antioch Grade School. All troops will participate in the Golden Promise Pageant to be held April 7 at Waukegan Township High School. Mrs. T. Wilson will be our representative on the committee for this outstanding and inspirational occasion.

The leaders attending held a buzz session after the business meeting. There were 4 groups with topics concerned with How to Prepare for Fly Up, Our Fund Drive, Intermediates and Badges, A Leader and Her Job, and what's to be done if she is not doing it properly. Proper Flag procedure and if a leader salutes the Girl Scout Salute when not in uniform will also be discussed.

Refreshments were served by Troops 110 and 100.

Lakeview Council held their January meeting at Trail's End Neighborhood in Zion on Wednesday, Jan. 24, at 1 p.m. The meeting opened with the presentation of colors and the singing of "America." Minutes of the last meeting held in Wildwood on Oct. 25 of last year was read by the secretary, Mrs. Lillian Hawse.

Our president, Polly Froelich, gave a very impressive talk and report on the growth of our Girl Scout program in the past year. She covered duties entailed and the duties of the various officers, neighborhood chairmen and leaders.

We had a buzz session discussion resulting in the adoption of the goals for the council in the next two years. A panel discussion on the Regional Conference in Chicago in November closed the program. The colors were retired. There were seven attending from Sequoia Neighborhood.

Mrs. Charlotte Queen and Mrs. Jean Illian, members of the Lakeview Council, attended a 3-day International Caravan at College Camp in Williams Bay, Wis. This Caravan consisted of Arts and Hand Crafts, Dancing and Drama.

## News of Trevor

By Mrs. Grace Miller

(Written for week of Jan. 25)

Mr. David Moran and Miss Sue Olson were married at the Congregational Church in Twin Lakes at 3 p.m. Saturday. A reception was held for friends and relatives.

Visitors at the Willis Sheen home on Sunday were Mr. and Mrs. Don Bedore, Kristy and Jody, of Kenosha; Mrs. Minnie Sheen of Trevor; Mr. and Mrs. Eugene Vincent and Mrs. George Vincent of Genoa City, Wis.

The regular yearly meeting of officers of the Trevor Social Association will be held at the hall on Jan. 28th, at 3 o'clock. All members are urged to attend.

The eighth grade class of the Trevor school went roller skating at Rollin's Wheels rink at Twin Lakes on Wednesday evening.

## Channel Lake News

By Mrs. Pearl Kapell

The slate of officers who have served the Northern Illinois Conservation Club for the past year was re-elected at the meeting of the club on January 24 at the Channel Lake School. Officers returned to their respective positions for another year are: Richard Waters, president; William Brook, vice-president; George Jensen, treasurer, and Pearl Kapell, secretary. William Amendola was elected to the board of directors, and James Waters was elected assistant secretary. Members of the board of directors whose terms have not expired are George Hucker and William Chase.

Club members voted to put out corn and grit for pheasants. With the deep snow this winter, the birds are not only unable to get food, but cannot find bare ground where they can get the sand and grit necessary to grind their food. Many become ill as a result. Several members reported that they are already feeding the birds in their area.

A tentative program for the coming year was mapped out including further work on the water pollution problem, rough fish control, the forming of a youth group, reforestation, and working to protect and enlarge fishing areas.

The honor roll for the past six-week period at the Channel Lake School is: First grade: Kathy Anderson, Joan Bjork, Patty Geiger,

Linda Corey, Ralph Dowell, Sandy Voskuil and Greg Grunow. Second grade: Patty Blair, Billy Peters, Gary Rush, Helen Zolis, and Betty Waters. Third grade: Mike Geiger, Patty Burnette, Edwin Krupo, Jill Jasmier, Diane Anderson, Margie Scanlan and Mary Dowell. Fourth grade: Belle Zolis, Sue Turner, Deborah Stankus and Craig Lebowitz. Fifth grade: Joyce Waters. Sixth grade: John Bjork, Sue Davis, Wendy Eberman and Marty Peters. Seventh grade: Jim White, Linda Hameau. Eighth grade: Pat Berahon, Terry Yancey, Floyd Moore, Bill Portalski, Karen Roberts, and Sharon Dowell.

A happy first birthday to Mathew Chase, son of Mr. and Mrs. William Chase, on January 31.

News has been received by friends of the John Olivet family of the death of Mrs. Olivet in Chicago last week. The Olivets were among the first families to build a home in Woodcrest Subdivision and have spent their summers here for many years.

The roller-skating party held for the pupils of Channel Lake school at the Twin Lakes Roller Rink last Friday was well attended and everyone had a good time. The next roller-skating party will be on Feb. 23.

The next game to be played by the Channel Lake basketball team will be at Fremont on Friday, Feb. 2, at 3:30 p.m.

The pack meeting of Cub Scouts, Pack 88, on Friday, Jan. 26, had a Knights of Old theme. The boys engaged in dueling matches, complete with swords made from plungers. Hard to hurt a man with

**COLD WAR**  
Because there is no martial music or stirring patriotic speeches, such as we experienced in past wars we Americans remain complacent and we could say, more or less satisfied with the way the "cold war" is going. This is not as it should be. We agree with many writers that Americans should change their attitude, and right now consider the "cold war" with Russia a very serious event, and try to visualize what our lives would be if the Communists should win and dominate the whole world.

Below are some of the things that would happen in America, if we were to submit to the rule of the Communists:

You would be assigned to a job, and you couldn't quit.

Your home or business or any property you own would be subject to confiscation.

Your children and neighbors would be taught to spy on you and report anything you said against your communist bosses.

If you went to church or said prayers at home, you would lose any chance of getting ahead in the world.

You could never tell when a man in uniform might knock on your door and haul you off to prison for any reason or no reason.

This is the kind of living death the Communists are trying to spread all over the world.—Alexis Argus.

Some men are led into temptation—others find their own way.—Colby Phonograph.

that weapon, but they had a lot of fun. The next pack meeting, on the last Friday of February, will be a basketball game.

New residents on Woodbine Avenue are Mrs. Doris Mueller and family. Mrs. Mueller has six children, Sandra, 13 years of age; Jackie, 12; John, 10; Tommy, eight; Barbara, six; and Mary Lynn, two. Mrs. Mueller is already known to many people here. She is the daughter of the Mervin-Noxons of Channel Lake, and a sister of Mrs. Glenn Dowell.

It's a big week in the Glenn Dowell family this week. Mike entertained several friends on his tenth birthday on Jan. 29. His parents, Mr. and Mrs. Glenn Dowell, celebrate their eleventh wedding anniversary on Saturday, Feb. 3. Glenn and Lois were married in Chicago, and have since lived at Channel Lake. They have six children.

How times change! The latest selling point for a certain brand of cigarettes on TV advertising: "You can light either end." And if you've just lit the wrong end of a filter-tip cigarette, and enjoyed a deep drag, it's not a bad point.

## February 1962 Weather Forecast

Temperatures in the upper forties or low fifties are expected from the fourth to the sixth.

Cold weather will return about the sixth continuing thru the twelfth with temperatures ranging from thirty to thirty-five on the seventh to five to ten above on the eleventh.

A warm move will start about the twelfth and continue to the sixteenth, during which time temperatures will average well above freezing.

This warm spell will be followed by extreme cold commencing the sixteenth or seventeenth and continuing to the twenty-first or twenty-second. During this period the temperatures will not rise above freezing and may drop as low as zero or below the nineteenth or twentieth. Two or three days warming will follow with temperatures up to forty-five or fifty the twenty-second or twenty-third. Temperatures will fall rapidly the twenty-fourth to below freezing and to about fifteen by the twenty-fifth, then rise slowly to above freezing by March first.

Precipitation during February will be moderate to light except that about the fifteenth heavy rain changing to snow accompanied by high winds will develop blizzard conditions, which will continue thru the eighteenth. Clearing skies and sunny weather will follow this blizzard continuing thru to the end of the month except for some light scattered precipitation around the twenty-third or twenty-fourth.

March will come in like a lamb with sunny skies and daytime temperatures above freezing.

Total Degree Days of Heat Demand accumulated for the period Sept. 1, 1961 through Jan. 30, 1962 are 4228. For the same period one year ago we had accumulated 4018 Degrees of Heat Demand. This winter now has been 5% colder than last winter and January 1962 has been 8% colder than January, 1961.

# Antioch Clinches Victory Over Round Lake

## Kubicki-Krieger Lead the Way to Antioch Triumph

By Howard Shepard

A fired up Sequoit squad handed the Round Lake Panthers their first conference defeat of the season Saturday night before an aroused overflow crowd.

Bouncing back after a 59-56 defeat at the hands of Grayslake Friday, the Sequoits were "hot," cashing in 13 out of 14 free throws.

Bob Kubicki and Bud Dittman teamed together to give the Sequoits a 17 to 12 first quarter lead but the Panthers fought back into the lead late in the second quarter with the score of 29-28. Two timely baskets by Doug Lang gave Antioch the edge at intermission time 32 to 29.

A see-saw battle all the way, the Panthers jumped out to a 39 to 44 lead early in the third quarter only to see it cut to a 51 to 51 tie at the end of the session.

After losing the lead on a lay up by Mike Sarocco, the battling Sequoits again moved into the lead on baskets by Dittman, Krieger and Oza.

It was Antioch all the way from then on. The Panthers fought back to 65 tally with only a minute and a half left when Antioch went into a stall and maintained control for 50 seconds.

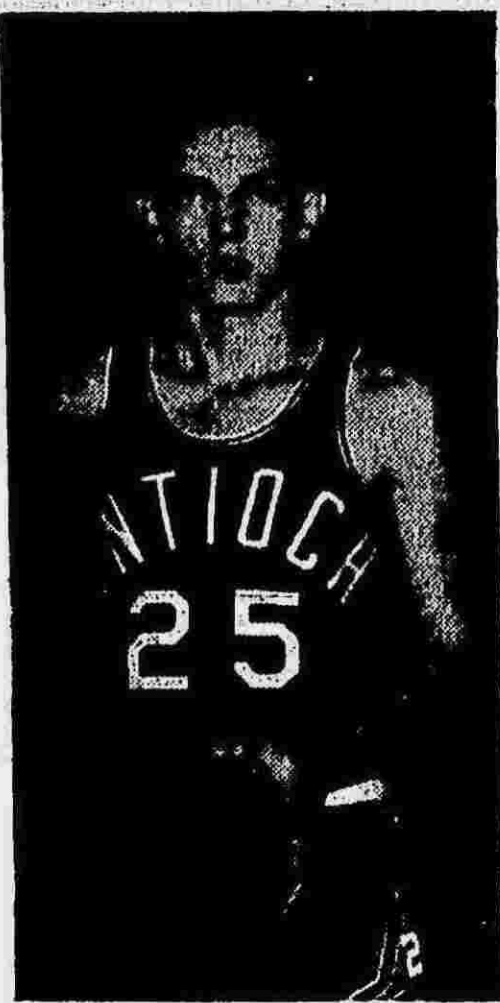

Joe Pleviak widened the gap with two free throws to make it 67-63 and Diana came back with a rebound tip for the Panthers to again close the gap at 67-65. Antioch controlled the ball to the final seconds when Kubicki cashed two free throws to put the Sequoits up by four points at 69-65.

Round Lake missed on their final attempt to score and Bob Krieger, playing an impressive game throughout, came off with the rebound for Antioch. Antioch held possession until the final gun sounded.

Missing on only one of fourteen free throw attempts the Sequoits had good accuracy from the field as well. Hitting on 28 of 70 attempts from the fields for a 400 percentage clip, the Antioch quintet outscored the Panthers by 6 points in this department.

Round Lake had the edge in number of free throws, making good on 21 of 27 tries, for a 77.8% mark.

Antioch dominated the backboard, coming off with 30 rebounds to 17 for the Panthers. Bob Krieger led both squads with 10, followed by Hallwas with 7. Diana was high for Round Lake with 9.

Top scorer for the Sequoits was Bob Kubicki with 24 points on 10 field goals and 4 free throws. Kubicki was followed by Krieger with 13 and Pleviak with 10, the only other Sequoits in double figures.

George Sherman led Round Lake with 18, followed by Diana with 17 and Mike Sarocco added 14 points.

Roger Andrews' "B" squad topped Round Lake in the curtain raiser 52 to 44 to move into a tie for third place with a 5 win and three loss record.

## Antioch Sequoits Lose to The Grayslake Rams 59-56

By Jay Nash

The Antioch Sequoits slid down to defeat for the second time against the Grayslake Rams, last Friday night. The vital game placed the Rams into a third-place tie with Antioch and Lake Forest in the Northwest Suburban conference race.

Leading from the very beginning of the game, the Rams managed to stay a hair beyond the Sequoit tallies by holding onto their slim margin of 4 points, ending the first quarter action with an 11 to 7 score.

Bounding into a faster-breaking second quarter, the Rams were still kept from spurting tallies, mainly due to Lang's tight guardianship of the rangy and high scoring Don Hawkins, whose scoring was limited in that period. The Sequoits, however, still trailed the Rams at the half, 28 to 24.

The third quarter saw the Sequoits vainly striving to pull in front of the Rams but nevertheless falling short in the attempt. The quarter ended 41-36 in the Rams' favor.

Stretching their margin by a weighty nine points, the Rams rushed ahead of the Sequoits and kept their substantial lead down to the last 20 seconds of the game. In the final moments of the contest, Ram Coach, Chuck Westall, replaced his regulars with reserve players and in so doing almost came close to losing the game.

Bud Dittman sparked a drive in the final moments while stealing the ball twice and going in for two fine lay up shots, adding a previous jump-shot to a speedily gathered six points.

The fast turned down Ram margin was not enough, however, and the Rams walked off the court winning 59-56.

Dennis Williams was more of a Ram threat in the contest than Don Hawkins although both boys racked up 21 and 19 points respectively.

The game was clearly won from the free throw line with Grayslake pumping in 17 out of 21 to Antioch's 12 out of 19 charity tosses.

The Antioch monkey wrench thrown into the game was forcing Grayslake to slow their game down to a man-to-man defense which the system being the first time used by the Rams, caused adjustment trouble.

Grayslake beat the Sequoits on the boards by grabbing off 32 rebounds to Antioch's 21.

## Old Fitzgerald Team to Bowl Against All Stars

## Lake Forest Wins From Wauconda

Last place Wauconda was downed again by the scrappy Lake Forest squad, Saturday night, January 27, in Wauconda. The important win kept the Scouts within the 3rd place bracket of the Northwest Suburban league conference.

Winning all the way through to the halftime, Lake Forest recessed with a 31 to 22 tally before going back onto the court.

The second half was sparked by a constant drive and fast break sponsored by the Scouts which permitted them to retain their initial advantage.

The Bulldogs, led by Don Miller, came close to edging out in front by three points but Bill Seaborg with 16 points and Mark Weshinsky,

The Antioch Bowl management has announced that on Sunday, Feb. 18, starting at 1 p.m. the Old Fitzgerald team of the Chicago Classic League will bowl a match game against the Antioch All Stars. The games will be played for the benefit of the Antioch Rescue Squad, and will be sponsored jointly by Bill McCormick and the Antioch Bowl.

An added attraction for the afternoon will be a match game between the old baseball star, Leo "Gabby" Hartnett, and Mike Schamberger, one of the owners of the Antioch Bowl. The loser will donate \$1.00 per pin to the same benefit.

Schamberger told this reporter that he is already in training for the contest.

Greg Spitzer and Steve Ekdahl paced Lake Forest to the win.

Undeclared, the Lake Forest underclassmen went on to win against Wauconda, 50-40.

## Clinton Whipped By Falcons 87-48

Salem High School moved another notch toward the Southeast Conference title Friday night when they rolled over an ineffectual Clinton squad 87 to 48.

The win was the tenth straight conference victory of the season for the Falcons.

Led by scoring ace Danny Yates, who poured in 34 points during the evening, the Falcons jumped to an early 26 to 8 first quarter lead. Salem coasted to a 44 to 23 advantage by half time and had increased it to a 63 to 38 count by the end of the third stanza.

The Cougars never threatened, coming out on the short end of a 24 to 12 scoring tally for the final period.

Yates led the game's scoring ledger with 34 points. Zelhen was the only other Falcon who scored in double figures, netting 16. Lolmaugh led the Cougars with 15 points.

The Salem B squad set the example by winning the opener 36 to 27.

The Falcons move to Union Grove Friday for the crucial game of the conference. Union Grove trails the Falcons by one game in the conference standings with a record of 9 and 1.

Other action in the conference will see Williams Bay at Waterford, in a battle for third place honors, Palmyra at Clinton and Norris will travel to Burlington for a game with St. Mary's.

Crushing Grant's Bulldogs under the weight of a 64 to 54 decision, Warren secured its second place standing in the Northwest Suburban League last Saturday at Gurnee.

The first half of the game was featured by a Bulldog team, sparked by Wayne Patterson and Dick Kazlauskis, that fought to within 2 points of the Warren lead.

Coming back in the second half with a 32-50 score showing, Warren increased their lead by having Billy Grom score seven points in the third quarter. The Warren margin catapulted to 45 to 38.

Gib Walkerton and Patterson of Grant duelled for scoring honors in the fleeing moments of the fourth quarter, the edge going to Warren, 19-16 points.

The Friday night previous to the Grant-Warren game, the Blue Devils took Lake Forest by an 88 to 68 score in Lake Forest.

## Grayslake Whips Ela-Vernon Bears

The Ela-Vernon Bears suffered a pounding defeat at the hands of the fast-breaking Grayslake Rams quintet last Saturday night, Jan. 27.

The scrambling Rams accentuated the game with the drive and skill of Brian Melin with 21 points along with fast-court man Dennis Williams. Don Hawkins, who usually scores about 20 points per game, was held to 16.

Rolling off to a terrific start, the Rams ran past the Bears by piling up a 15 to 4 lead by the end of the first quarter. The end of halftime found the Rams leading by a tremendous score of 41 to 14.

Coasting the rest of the way through the second half, Grayslake was caught somewhat unawares as the Elas battled back to gain a 46 to 40 edge over the sharp-shooting Rams but it was not enough to stem the winning Grayslake tide.

Bad weather means extra dangers for both motorists and pedestrians, especially during winter months. This safety poster, distributed in January by the Chicago Motor Club to some 33,000 grade school classrooms in Illinois and Indiana, provides a valuable safety message for everyone. Motorists should make an effort to drive more slowly and carefully in bad weather. Pedestrians also should remember to use extra caution during these hazardous periods. Don't let carelessness be the cause of your involvement in an accident.
